30TH November 2017

Dear Parents and Carers,

I wanted to write to you to let you know that we have decided to publish our outline school development plans for the campus on our website, which you will find in the policies and documents section. You all know that I talk about us being all learners, always learning, and the purpose of these plans is to allow us to reflect on our previous practice and continue to strive to improve it.

You will see that as a campus we have some over-arching objectives, which we believe provide a clear moral purpose to our educational provision. Within this we annually identify key priorities, and targets to aspire to and felt it was important and interesting to share this information with you. Sometimes these key priorities are the same across both schools, and sometimes they are specific to a particular area of focus. While we always endeavour to meet these targets, we also set ourselves realistic challenges for progress, and look to be measured on our journey over time towards achieving these and then in the future moving these goal posts further forward so that we can continue to provide a sustainably improving education for our community.

Yours sincerely,

Peter Eyre
Executive Headteacher
